

Senate Resolution 233

By: Senators Orrock of the 36th, Butler of the 55th, Karinshak of the 48th, Rahman of the 5th, Kirkpatrick of the 32nd and others

A RESOLUTION

- 1 Recognizing October 9, 2019, as PANDAS Awareness Day at the state capitol; and for other
- 2 purposes.
- 3 WHEREAS, pediatric acute-onset neuropsychiatric syndrome (PANS) and pediatric
- 4 autoimmune neuropsychiatric disorder associated with streptococcal infection (PANDAS)
- 5 create the sudden onset of obsessive-compulsive disorder, tic disorders, and/or restrictive
- 6 eating in children, causing previously healthy and emotionally adjusted children to
- 7 experience severe anxiety and emotional disturbances; and
- 8 WHEREAS, children with PANS and PANDAS tend to manifest some of the following
- 9 symptoms: tics or other abnormal movements, severe separation anxiety, generalized anxiety,
- 10 irritability, aggression, personality changes, attention deficit hyperactivity disorder, marked
- 11 deterioration in learning and school performance, and developmental regression, including
- 12 regression in handwriting; and
- 13 WHEREAS, children with PANS and PANDAS may experience a moderate to dramatic
- 14 improvement with antibiotics, intravenous immunoglobulin treatment, or plasmapheresis;
- 15 and
- 16 WHEREAS, researchers at the National Institute of Mental Health (NIMH) are currently
- 17 engaged in extensive research and testing on how to effectively treat PANS and PANDAS;
- 18 and
- 19 WHEREAS, researchers at Moleculera Labs at the University of Oklahoma have developed
- 20 PANS and PANDAS blood testing procedures; and
- 21 WHEREAS, the University of Arizona and Banner Health System in Arizona have opened
- 22 the first Centers for Post-Infectious Autoimmune Encephalopathy, providing insurance based

23 access to expert care and consultative services for general and subspecialist pediatricians
24 around the country; and

25 WHEREAS, the deep medical and bioscience resources in Georgia make our state well
26 situated to meaningfully contribute to best medical practices, research, and medical
27 technology to advance the early diagnosis and treatment of children with PANS and
28 PANDAS; and

29 WHEREAS, the NIMH estimates one in 200 children have PANS or PANDAS, meaning
30 these diseases affect roughly 15,000 children in Georgia; and

31 WHEREAS, many general pediatricians, nurse practitioners, and pediatric subspecialists are
32 not familiar with the most current diagnostic criteria and treatment guidelines for these
33 disorders; and

34 WHEREAS, in addition to lack of access to treating providers, many insurers do not cover
35 treatment for PANS and PANDAS, which can cost many tens of thousands of dollars,
36 placing it out of reach for most families; and

37 WHEREAS, the Southeastern PANS/PANDAS Association is a Georgia based nonprofit
38 organization dedicated to expanding access to expert, insurance based care for children and
39 families suffering from PANS and PANDAS in this region; and

40 WHEREAS, it is imperative that there be greater public awareness of this serious health issue
41 among parents, policymakers, and medical providers in Georgia.

42 NOW, THEREFORE, BE IT RESOLVED BY THE SENATE that the members of this body
43 recognize October 9, 2019, as PANDAS Awareness Day at the state capitol.

44 BE IT FURTHER RESOLVED that the Secretary of the Senate is authorized and directed
45 to make appropriate copies of this resolution available for distribution to the public and press.
